Colleges previously attended other than MCC (if applicable):
(In order to complete the application process, all colleges/universities you have attended must send an official academic transcript to Metropolitan Community College, Records, P.O. Box 3777, Omaha, NE 68103-0777 or transcripts@mccneb.edu.)

College	Address	Dates attended
1. _____	_____	_____
2. _____	_____	_____
3. _____	_____	_____
4. _____	_____	_____

Below are the specific technical requirements that must be met and affirmed within the ADN application:

To successfully complete the nursing program, certain physical and behavioral capabilities must be demonstrated in coursework, as part of your clinical experience and/or as a professional working in this profession. Students must be able to satisfy these standards with or without reasonable accommodation.

- General ability
 - The student is expected to possess functional use of the senses of vision, touch, hearing and smell so that data received by the senses is integrated, analyzed and synthesized in a consistent and accurate manner. The student is expected to possess the ability to perceive pain, pressure, temperature, position, vibration and movement to effectively evaluate patients. A student must be able to respond promptly to urgent situations.
- Observational ability
 - The student must have the ability to make accurate visual observations and interpret them in the context of clinical/laboratory activities and patient care experiences. The student must be able to document these observations accurately.
- Communication ability
 - The student must communicate effectively verbally and nonverbally to obtain information and explain that information to others. Each student must have the ability to read, write, comprehend and speak the English language to facilitate communication with patients, family members and other members of the health care team. The student must document and maintain accurate records, present information professionally and provide patient instruction to effectively care for patients and their families.
- Motor ability
 - The student must be able to perform gross and fine motor movements with sufficient coordination needed to provide complete physical assessments and provide safe effective care for patients. The student is expected to have psychomotor skills necessary to perform or assist with procedures, treatments and administration of medications and emergency interventions including CPR if necessary. The student must have sufficient levels of neuromuscular control and eye-to-hand coordination, as well as possess the physical and mental stamina to meet the demands associated with extended periods of sitting, standing, moving and physical exertion required for safe patient care. Students must be able to bend, squat, reach, kneel or balance. Clinical settings may require that students carry and lift loads from the floor, from 12 inches from the floor to shoulder height and overhead. The student must be able to occasionally lift 50 pounds, frequently lift 25 pounds and constantly lift 10 pounds. The student is expected to maintain consciousness and equilibrium and have the physical strength and stamina to perform satisfactorily in clinical settings.
- Intellectual – conceptual ability
 - The student must be able to develop problem-solving skills essential to professional nursing practice. Problem-solving skills include the ability to measure, calculate reason, analyze and synthesize objective and subjective data, and to make decisions in a timely manner that reflects thoughtful deliberation and sound clinical judgement. The student must demonstrate application of these skills and possess the ability to incorporate new information from peers, instructors and the nursing and health care literature to formulate sound judgement to establish care plans and priorities in patient care activities.
- Behavioral and social attributes
 - The student must have the emotional stability required to exercise sound judgement and complete assessment and intervention activities. Professionalism, compassion, integrity, motivation and concern for others are personal attributes required of those in the nursing program. The student must fully utilize intellectual capacities that facilitate prompt completion of all responsibilities in the classroom and clinical settings, as well as the development of mature, sensitive, professional and effective relationships with patients and other members of the faculty, staff and health care team. The ability to establish rapport and maintain interpersonal relationships with individuals, families and groups from a variety of social, emotional, cultural and intellectual backgrounds is critical for practice as a nurse. Each student must be able to adapt to changing environments; display flexibility; accept and integrate constructive criticism given in the classroom and clinical settings; and effectively collaborate in the clinical setting with other members of the faculty, staff and health care team.

- Ability to manage stressful situations
 - The student must adapt to and function effectively in relation to stressful situations encountered in the classroom and clinical settings, including emergency situations. Students will encounter multiple stressors while in the nursing program. These stressors may be (but are not limited to) personal, patient care/family, faculty/peer and/or program-related.

I have read the above technical standards and acknowledge that I can comply with each of them.

Admission requirements

Contacts:

Student services
at any campus
531-MCC-2400 or
800-228-9553

The following requirements must be met by the application deadline to be considered for admission:

- Successful completion of the following pre-entrance/admission courses (with a minimum grade of C; the most recent grade will be used in selection/ranking):
 - BIOS 2310 Human Anatomy and Physiology I
 - CHEM 1010-College Chemistry (substitutions: CHEM 1210 and 1211; CHEM 1212; or CHEM 1220)
 - ENGL 1010 English Composition I (substitutions: none)
 - MATH 1312-Intermediate Algebra (substitutions: MATH 1310; MATH 1315; MATH 1420; MATH 1425; MATH 1430; MATH 2410 or MATH 2411; MATH 2412; or MATH 2510)
 - PSYC 1120 Human Growth and Development (substitutions: none)
- Submission of all official transcripts from other colleges attended and on file and evaluated by records at MCC
- Submission of high school diploma/transcripts or GED
- Complete the Test of Essential Academic Skills (TEAS) with all four subcategories and an adjusted total score of 50% or higher. The test must be taken within three years of the application deadline. MCC policy allows the TEAS to be taken only twice in a three-year period. Note: There is a 30-day waiting period before a retake is allowed. Please read the TEAS information found on the Testing Services website at mccneb.edu/Prospective-Students/Student-Tools-Resources/Testing-Services/Tests-Assessments-Available-By-Location for further explanation of the scoring process.
- Submission of official verification from the state of active status as a:
 - CNA CMA*

*If using certified medical assistant, a copy of the student's current certificate card is required.
- Submission of a completed application packet by the application deadline — requires meeting with an academic advisor for checklist verification and signature
- If previous coursework has been completed at MCC, a minimum cumulative GPA of 2.0

All of the above minimum requirements, including CNA, pre-entrance courses, additional value points courses and admissions courses, must be successfully completed by the application deadline to be considered for admission.

Admission criteria subject to change based on current legislation, state licensure requirements and professional accrediting bodies.

Furnishing the following information is not a requirement for admission and will not be used in admission discussions. The data will be used for statistical purposes only.

Are you:

- Hispanic/Latino
- Non-Hispanic/Latino

For those individuals who are non-Hispanic/Latino, select one or more of the following:

- American/Alaska Native
- Asian
- Black or African American
- Hawaiian/Pacific Islander
- White

I certify that to the best of my knowledge, the information furnished in this application is true and complete. I agree that if such information or any other information upon which my admission is based is not true or complete, the College may rescind my acceptance. I further agree that I will abide by the rules and regulations of the College including but not limited to those rules contained in the current College catalog.

I acknowledge that all official transcripts that I forward to the College become the property of the College and will not be forwarded to another institution or returned to me.

Submit your completed application, technical standards form and checklist to any MCC academic advisor, or place it in the drop-box outside of the Health Careers office on the MCC South Omaha Campus (Mahoney, Room 519).

Final admission will be based on receipt of a completed background check, drug screening results and eligibility to attend clinical at all health care organizations partnered with the program. Please review the admission process information on the program webpage for full details.
